

The Fellowship of Extraordinary Women empowers women to live extraordinary lives and tell their stories.

When a woman understands her identity in Christ, embraces her God-given destiny and partners with God in her growth, there is no way she cannot live and extraordinary life! FEW launches women into their incredible destinies these three ways:

1. FEW MONTHLY MEMBER EVENTS FOR WOMEN

With Live & Virtual Events every month, you can be a part of our Fellowship from anywhere. We gather monthly to grow together as we discuss topics relevant to women who are passionate about Faith, Family & Business (or ministry)! FEW Members become more confident, discover how to take great care of themselves, advance in their mission, grow in their relationships with God and others, develop and reach their goals, become a wise resource for others and gain tools and strategies for living the extraordinary life Jesus died to give us.

2. FEW PUBLISHING PACKAGES FOR WOMEN

Tell your story in a powerful FEW International Publications book and make your ripple effect on the world. Someone needs to hear YOUR story. FEW International Publications is for women that are seeking more from telling their stories than just a printed project. FEW Authors learn and grow through the experience of creating a written work that impacts others and *glorifies God*. FEW's Publishing Packages include collections of women's extraordinary stories and personal devotions and provide an experience for Authors at all levels.

3. FEW WOMEN'S LEADERSHIP CONFERENCE, SPECIAL EVENTS & RETREATS

FEW Leadership training and special events for women are TRANSFORMATIVE. Do not miss an opportunity to grow spiritually and personally with Kimberly and other extraordinary women in unique and beautiful locations at these powerful events: *FEW Women's Leadership Conference*, *FEW's Restore & Refresh Retreat*, *FEW's Holy, Whole & Fit Retreat* and *The FEW Annual Women's Conference*

A Message from Kimberly: *I believe God created women to be an answer to the problems we face in our world today! Your family, church, business and community need answers; they need YOU and your story. I believe that the world needs the leadership of extraordinary women and that THIS is our time to rise! Join FEW and rise as #oneofthefew who says YES to God's call to women! Will you be extraordinary & tell your story?*
